Welcome to One Retirement

One Retirement is a simple retirement savings solution – which allows you to save for your retirement then take an income, all from the same online account. This means it could be the only retirement savings plan you need.

There are two main stages to retirement planning:

Growing your savings

It can help you build up enough savings so you can have the retirement you deserve.

Taking an income in retirement

It helps you take an income in retirement, and lets you change it if you need to.

One Retirement supports you through both stages meaning you'll never need to look for another retirement solution – everything is right here.

Growth, income, or both?

Depending on what stage of life you're at, you'll have very different savings needs.

Generally, from ages 25 to 55 your focus will mostly be on growing your retirement savings. But when you approach and enter retirement your needs may change and you'll want to start using the money you've saved.

Whatever stage you're at, One Retirement can help you to get the outcome you need. Below are the sorts of questions you might be asking yourself at each stage:

Growth

- How much will I need to live the lifestyle I want?
- What's the best way to grow my savings to achieve my goals?
- Will I have to pay any tax charges?
- Will I be able to access my savings?
- What's the easiest way to keep track of everything?
- What will it cost?

Find out how One Retirement can help you grow your savings below and on page 4

Income

- What are my options when I reach retirement?
- Will my income last until I die?
- Can I access my savings if I need to?
- What will it cost?
- What will the tax implications be?
- If I die, can I leave my money to a beneficiary?

Find out how One Retirement can help you take an income in retirement on page 5

Growing your savings

Personal pensions are a great way to save for retirement, and are ideal for people who don't have a workplace pension.

One Retirement offers you a flexible personal pension with a number of features:

- The government could top up your payments with tax relief – so it's an efficient way to save.
The value of any tax benefit depends on individual circumstances and may change in the future.
- Other people can pay in on your behalf.
- You can change the amount you pay in and can pay in lump sums.
- You can take it from company to company with you.
- You can choose where to invest your savings to achieve the balance between risk and growth potential that's right for you.
- The value of your plan, outside an annuity, can usually be left to your loved ones when you die.
- You can bring all your pensions together in one place, giving you a single view of your pension savings – making it easier to plan for your future.

The value of an investment can go down as well as up, and you might get back less than you invest. You should be comfortable with the investment choices that you make as you may lose features, protections, guarantees or other benefits when you transfer. If you're not sure, you should get financial advice – there may be a charge for this.

Investing to grow your savings

Whatever product you choose, your savings are invested into fund(s) to give them the best potential to grow.

One Retirement's focused fund range makes finding the funds that meet your needs easier.

What's more, our Funds Promise means you know we're checking our funds regularly to see if they're meeting expectations.

A focused range of quality funds

Our fund range includes only those funds that we think are among the best in the business, making it easier to narrow down the options. Your financial adviser will recommend the fund, or funds, they think are right for you.

You can use our portfolios or build your own with your adviser

Ready made portfolios

Designed to be the only fund you'll need, they make investing easy by offering a whole portfolio in one fund. The range includes options for people with different risk appetites and savings needs.

Build your own portfolio

Alternatively, your adviser can recommend an investment strategy that uses a mix of high-quality funds from our partner fund managers.

Our Funds Promise

- We aim to offer high quality funds which meet their objectives.
- We monitor funds to check if they perform as expected.
- We take action if funds don't meet expectations.
- We give you the facts you need to make decisions.

Find out more about our Funds Promise at aegon.co.uk/fundgovernance

There's no guarantee the funds will meet their objectives. The value of an investment isn't guaranteed and may go down as well as up. You could get back less than you invest.

Taking an income in retirement

One Retirement provides you with a seamless transition from saving to taking an income, with a range of flexible income options to suit your needs.

You can start taking pension benefits from age 55, in any of the ways listed below. Your adviser will help you decide what's right for you.

Compare your options at a glance:

Cash lump sum

Cash in your plan, and pay tax on savings over 25%* of your total pot.

Annuity

Guarantees an income for life but with limited flexibility

Flexi-access drawdown

Stay invested to improve growth potential, but without a guaranteed income

*The amount of tax free cash available may vary depending on circumstances and any guarantees previously secured.

All of these options have different benefits and tax implications so it's important to choose the solution that's right for your circumstances. For more information, please speak to your financial adviser.

The tax treatment depends on your individual circumstances and may be subject to change in future.

Investing in retirement

There are many ways to meet the increasing desire for flexible investment options in retirement, but to make things easier we offer two income solutions specifically aimed at flexi-access drawdown investors. You can find out more about our retirement income funds at aegon.co.uk/retirementincome

There's no guarantee the funds will meet their objectives. The value of investments isn't guaranteed and may go down as well as up. You could get back less than you invest.

Help and support

Retirement planning can sometimes be confusing and a little worrying. But help is available if and when you need it.

If you have any questions or concerns about your options we recommend you take professional financial advice before making any decisions.

Where can I find more information on pension products and retirement?

The government's **Pension Wise** service has been set up to give free help and guidance on all the options you have in retirement. You can find out more by visiting their website at pensionwise.gov.uk

You will also find a number of useful guides and factsheets, including our key features and charges guides, on our website aegon.co.uk/support

How can I work out what I'll need in retirement?

We provide support through our digital site Your Retirement Planner. It provides engaging, helpful information and tools to let you understand your options as well as the benefits and risks. Please note that we can't give you advice. To find out more visit aegon.co.uk/retirementplanner

Where can I go to find out about tax implications?

Investment products have different tax implications depending on your personal circumstances. To find out more, go to www.gov.uk/government/organisations/hm-revenue-customs

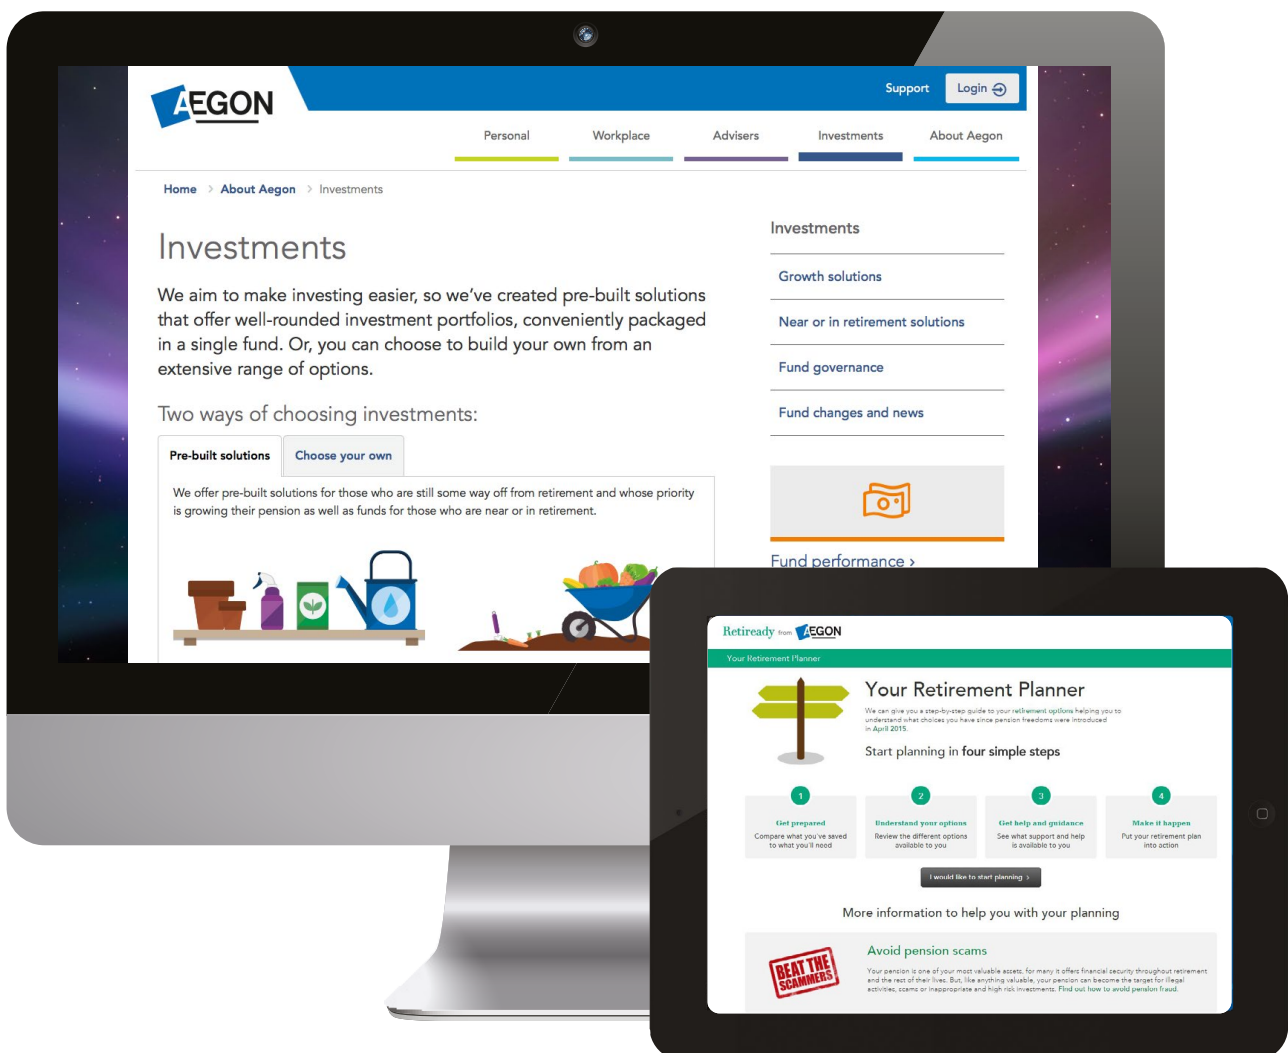

Why Aegon?

We've been helping customers in the UK since 1831 when Scottish Equitable was established in Edinburgh. Since then we've grown and evolved, but we've stayed committed to our core aim of helping our customers take control of their finances, so they can create the future they want.

In 1994, we joined Aegon N.V., a global provider of pensions, investments and protection. Based in the Hague, the Netherlands, Aegon N.V. has about 30 million customers around the world (as at December 2019). It operates in over 20 countries in Europe, Asia and the Americas.

We've combined our deep understanding of the pensions and investments markets with leading-edge technology to bring you One Retirement – keeping saving for a pension straightforward.

What to do next?

If you think One Retirement could be right for you, speak to a financial adviser.
